Washington, DC 20515

Dear Representative Jackson,

On behalf of the over 2.1 million members of AMAC – Association of Mature American Citizens, including over 8,400 residing in TX-13, I write to offer our support for H.R. 1546, the “Protecting American Sovereignty Act.”

Your bill rightly prohibits the use of taxpayer funds to implement any obligations of the United States under the World Health Organization’s (WHO) Global Pandemic Treaty. By legislating this prohibition, your bill enables America to claim her sovereignty.

If we allowed the WHO and organizations like it to exercise authority over our citizens, we allow an agency with no stake in the welfare of our country, with no respect for her history, to define the course of her future. Ceding our sovereignty to the WHO allows an undue foreign influence over the citizens of the United States of America.

Your bill is necessary due to the Biden administration’s incompetent response to the COVID-19 pandemic combined with the WHO’s corrupt mismanagement of the crisis. If it becomes law, your legislation will ensure not only our continued sovereignty, but should also help to restore the American people’s confidence in their personal liberties and freedoms.

Thank you, Representative Jackson, and your co-sponsors, for introducing such important legislation. AMAC is pleased to offer our organization’s full support for H.R. 1546, the “Protecting American Sovereignty Act.”

Sincerely,

A handwritten signature in black ink that reads "Bob Carlstrom".
